Towards Sustainable Mining  
Vers le développement minier durable

# ABOUT MAC

The national voice of the mining industry in Canada:

- Advocacy - to advance the business of mining
- TSM Initiative – stewardship and social license
- 38 members in iron ore, gold, diamonds, oil sands, met-coal, base metals, uranium
- 50+ members in engineering, environment, finance
- Members engaged in exploration, mining, smelting, semi-fabrication, supply

# Towards Sustainable Mining Our Commitment

TSM is MAC's commitment to responsible mining that every member commits to implement. It includes a set of tools and indicators to drive performance and ensure that key mining risks are managed responsibly at our facilities. By adhering to the principles of TSM, our members demonstrate leadership through:

- **Engaging with and supporting local communities**
- **Driving world-leading environmental practices**
- **Committing the resources and leadership to promote the safety and health of employees**

# Towards Sustainable Mining: Our Commitment

Established in 2004, TSM's main objective is to enable mining companies to meet society's needs for minerals, metals and energy products in the most socially, economically and environmentally responsible way. The program's core strengths are:

- **Accountability** – Mandatory for all members to report at the facility level
- **Transparency** – Annual reporting against 23 indicators with independent verification
- **Credibility** – Includes ongoing consultation with a national Community of Interest Advisory panel to improve industry performance and shape TSM for continual advancement

**Before it's yours, it's mined.**

Canadian mining provides the minerals that make green energy possible for our future.

# ***COI Advisory Panel***

Aboriginal peoples

Environmental NGO

Economic/community development

Social NGO including faith based groups

Finance/investment

International development

Labour/workplace

Media/communications

MAC Board of Directors

Junior Mining Company Representative

- Meets twice per year
- Work of Panel publicly available on the MAC website
- Annual COI Panel Statement published in TSM Progress Report

# Components of TSM: Focus Areas and Protocols

**Environmental Stewardship**

**Communities & People**

**Energy Efficiency**

**Tailings Management**  
**Biodiversity Conservation Management**

**Aboriginal & Community Outreach**

**Safety & Health Management**

**Crisis Management**

**Energy Use & Greenhouse Gas Emissions Management**

**Community of Interest Advisory Panel**

# TSM Protocols and Indicators

## Communities and People

Aboriginal and  
Community  
Outreach

Crisis  
Management  
Planning

Safety and  
Health

Community of  
interest (COI)  
identification

Crisis  
management  
preparedness

Policy,  
commitment and  
accountability

Effective COI  
engagement and  
dialogue

Review

Planning,  
implementation  
and operation

COI response  
mechanism

Training

Training, behavior  
and culture

Reporting

targets

# TSM Rating System

AAA

- Excellence and Leadership

AA

- Integration into management decisions and business functions

A

- Systems/processes are developed and implemented

B

- Procedures exist but are not fully consistent or documented; systems/processes planned and being developed

C

- No systems in place; activities tend to be reactive; procedures may exist but they are not integrated into policies and management systems

# *Aboriginal and Community Outreach Protocol*

Four indicators:

1. **COI identification:** To confirm that efforts have been made to identify COI, including Aboriginal communities and organizations, affected or perceived to be affected by their operations or who have a genuine interest in the performance and activities of a company and/or operation.
2. **Effective COI engagement and dialogue:** To confirm that processes have been established to communicate with COI, including Aboriginal communities and organizations, to understand their viewpoint, to transparently inform them of company activities and performance, to actively engage them in dialogue and participation on issues of concern to them, and to identify how issues might be addressed through measures such as mitigation, compensation, or other actions.
3. **COI response mechanism:** To confirm that there are processes to receive complaints and concerns from COI, including Aboriginal communities and organizations, to ensure that they are understood and effectively responded to.
4. **Reporting:** To confirm that reporting on COI engagement and dialogue activities (including activities with Aboriginal communities and organizations) is open and transparent.

# ***TSM Verification System***

## **Self-assessment**

- annual

## **External verification**

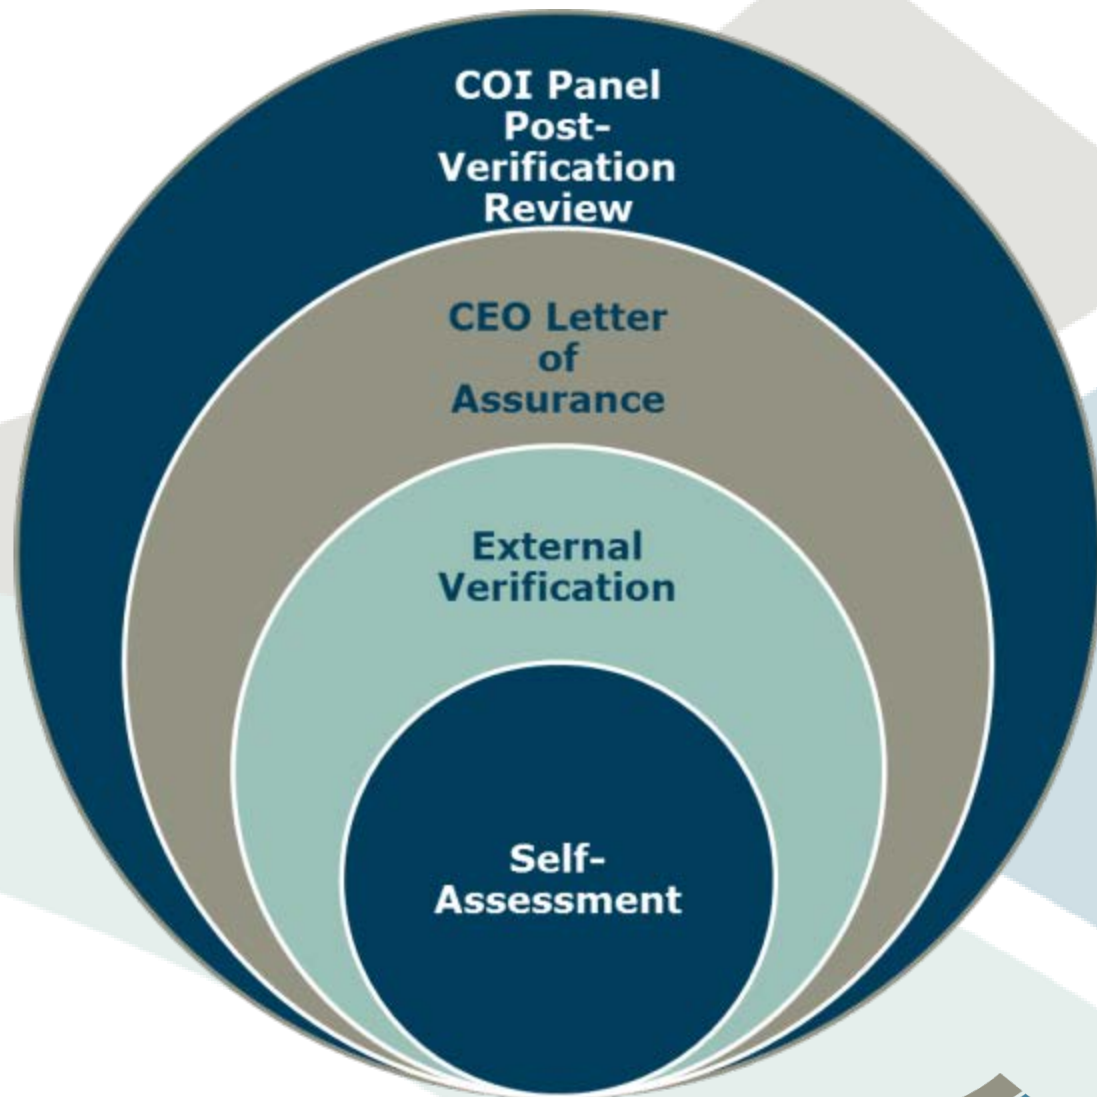

- every three years

## **CEO letter of assurance**

- posted on MAC website in year of external verification

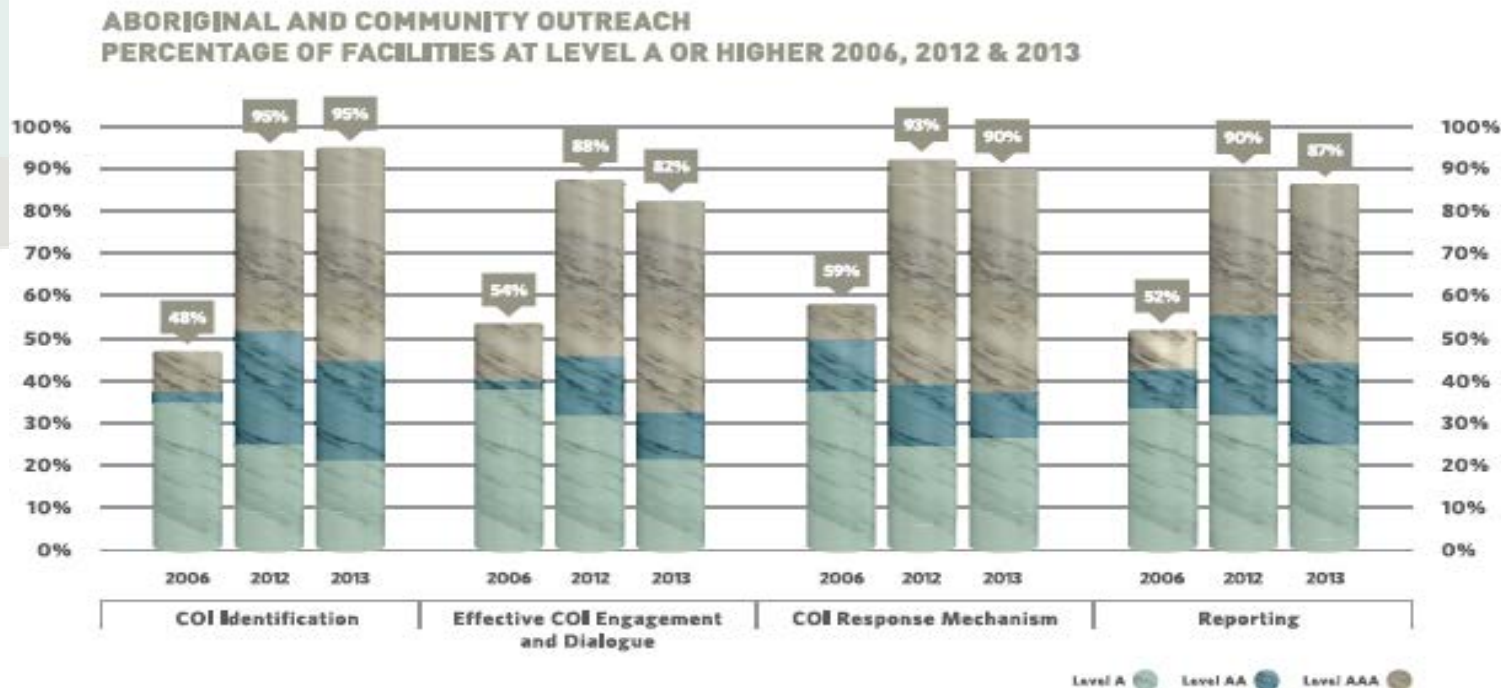

## **COI Panel Review**

- 2-3 companies each year

# Public Reporting

- Publication of results
  - company specific
  - aggregated for the membership as a whole
- On website ([www.mining.ca](http://www.mining.ca))
- Useful for comparison between companies (and peer pressure)

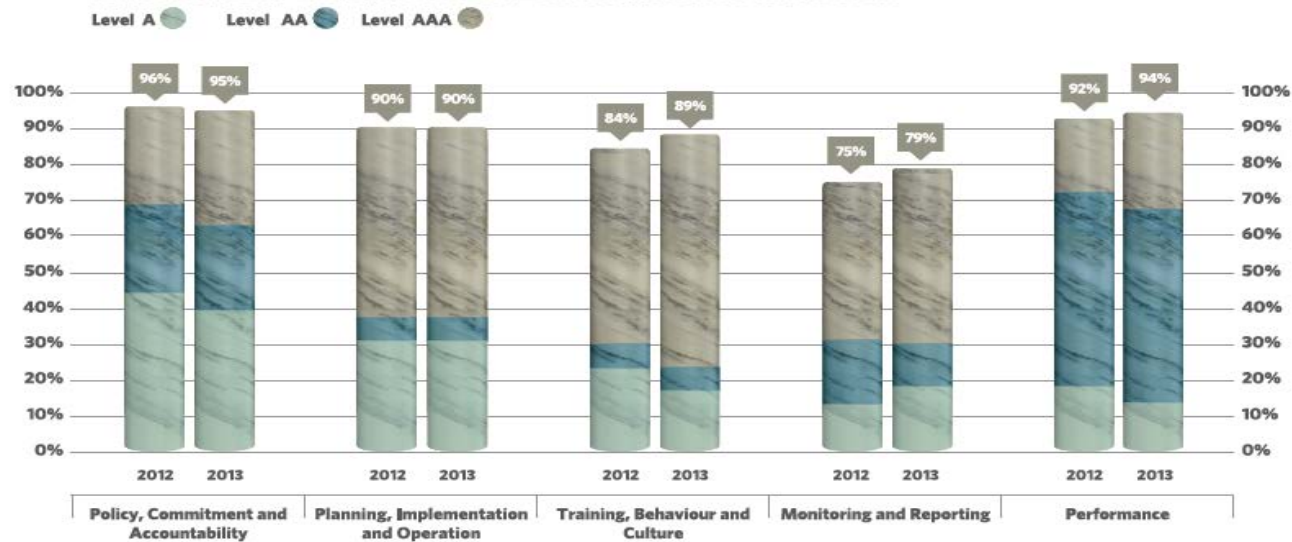

# Aggregate Performance: Communities and People

**CRISIS MANAGEMENT PLANNING**  
PERCENTAGE OF COMPANIES AND FACILITIES RESPONDING "YES" 2006, 2012 & 2013

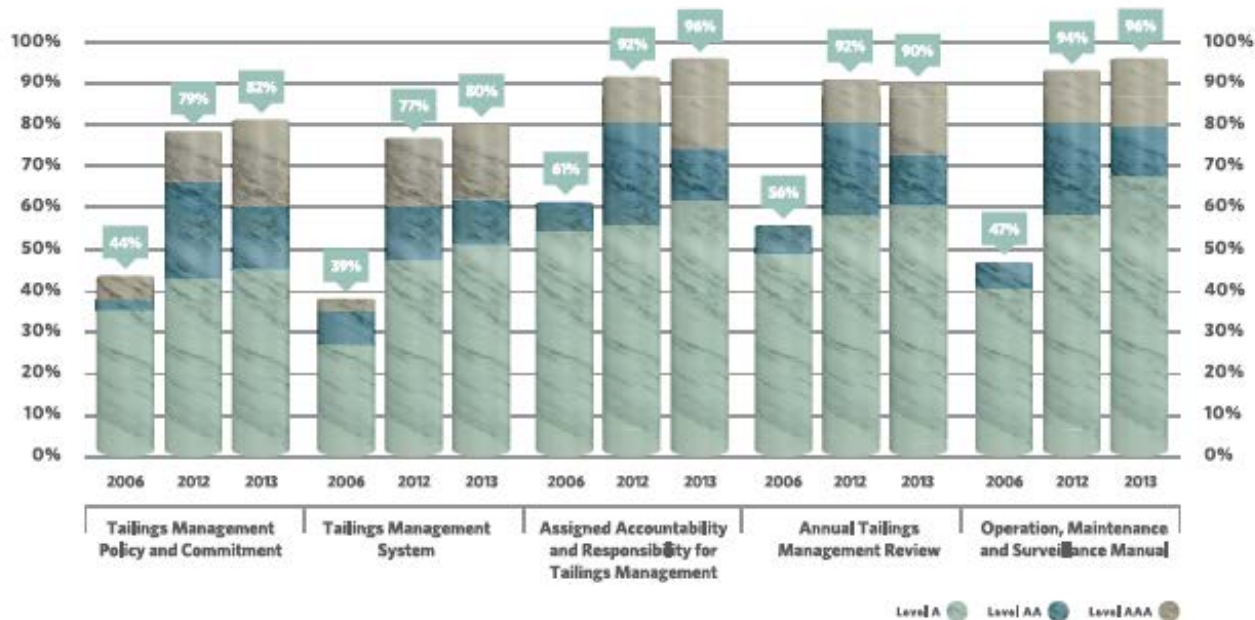

**SAFETY AND HEALTH**  
PERCENTAGE OF FACILITIES AT LEVEL A OR HIGHER 2012 AND 2013

## TAILINGS MANAGEMENT

PERCENTAGE OF FACILITIES AT LEVEL A OR HIGHER 2006, 2012 & 2013

## BIODIVERSITY CONSERVATION

PERCENTAGE OF FACILITIES AT LEVEL A OR HIGHER 2012 & 2013

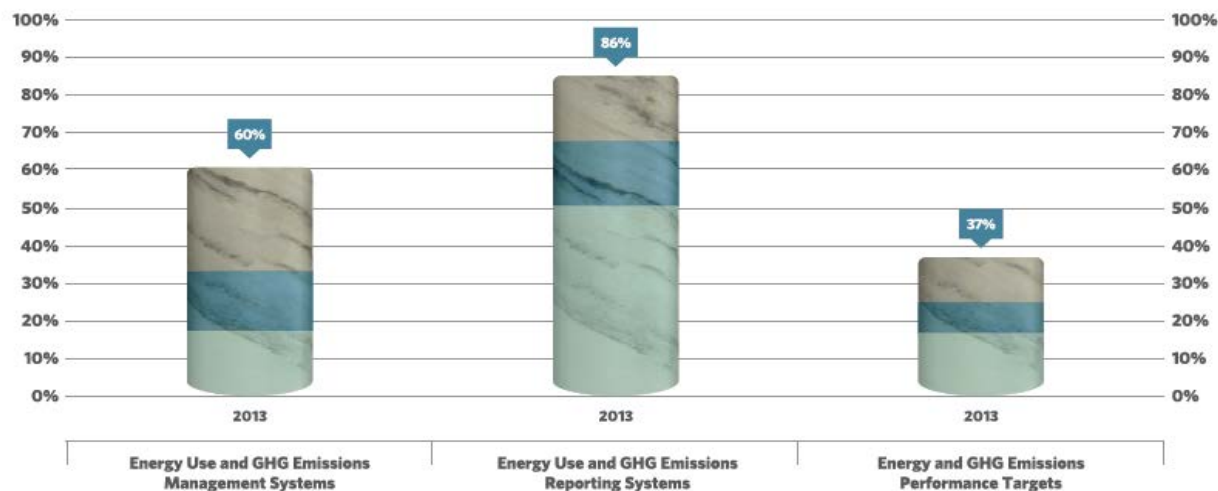

**Aggregate  
Performance:  
Environmental  
Stewardship**

Towards Sustainable Mining
