

Welcome to
Skellefteå!

Kristina Sundin Jonsson

Director, Municipality of Skellefteå

Skellefteå is located at the heart of an attractive region.

Perfect for those looking to establish a
presence in the North.

Future Skellefteå

**We are building a smart and
sustainable society for everyone.**

A circular mindset

Shifting to a sustainable future
takes everyone

Skellefteå is growing!

Welcome to a growing Skellefteå! A city where we invest in a smart and sustainable society of the future for the benefit of our residents, visitors and businesses. New homes, workplaces and infrastructure are taking shape, both public and private. There's for example our new cultural centre, the railway North Bothnia Line, the airport, schools, and major investments in renewable energy that can meet the challenges of the future.
